RIVER NEWS .- Burning of a Schooner-Sinking of a Vessel loaded with Ordnance Stores.-Yesterday afternoon, the schooner Mailor, of Union, New Jersey, laden with grain and forage, while at anchor a short distance below Alexandria, took fire in her gallies from the kitchen. The fire spread rapidly, and notwithstanding the efforts of the crews of the guard boat and the propellor Belger to stay the

flames the vessel was almost entirely de-

portion of the Mailor's cargo was saved in a damaged condition. A schooner, name unknown, bound from City Point to the Washington Arsenal, with ordnance stores, sunk in the Chesapeake Bay day before yesterday during the prevalence of a storm. The vessel and cargo will doubtless

be a total loss. The wharves from 4% to 7th streets present a busy appearance at the present time, a large number of vessels being in port, loading and unloading army stores of all descriptions. The river from Washington for some distance below Alexandria is completely lined with vessels of all classes which have brought large amounts of supplies for Sherman's army and the Army of the Potomac.

Four ferry boats are now plying between Washington and Alexandria, and considerable rivally exists, the steamers Keyport and Young America running in opposition to the Collyer and Fulton, which has had the effect of reducing the fare to five cents. Since the arrival of the 2d and 5th corps of the Army of the Potomac at Alexandria, thousands of persons pass between the two cities daily, and all of the ferry boats are consequently doing a good business.

THE PROPLE have been so much imposed upon by several worthless Sarsaparillas, that we are glad to be able to recommend a preparation which can be depended on as containing the virtues of that invaluable medicine, and is worthy of the public confidence. Doctor AVER'S SARSA-PARILLA cures when anything can cure the discusses that require an alterative medicine. eases that require an alterative medicine.

LET US BE MERCIPUL TO OURSELVES. The physical structure of the strongest human being is vulnerable everywhere. Our bodies are endowed by sature with a certain negative power, which protects them to some extent from unwholeseme influences; but this protection is im perfect, and cannot safely be relied on in unhealthy regions, or under circumstances of more than ordinary danger. Therefore, it is wisdom, it is prudence, it is common sense to provide against such contingencies by taking an antidote in advance; in other words by fortifying the system with a course of HOSTETTER'S STOMACH BITTERS, the most complete protective against all the epidemic and endemic maladies that has been administered in any country. As a remedy for Dyspepsia, there is no medicine that will compare with it. Whoever suffers the pangs of Indigestion, anywhere on the face of the earth where Hostetten's Bittens can be procured, does so voluntarily; for as surely as the Truth exists, this invaluable Topic and Alterative would restore his disordered stomach to a bealthy condition. To the Billious it is also especially recommended, and in cases of confirmed Constipation it affords speedy and permanent relief. In Canada, the West Indies, and Australia, the BITTERS rank above all other medicines of the class, and the demand for them in all foreign countries increases every season. my 10 2w
